## COMPROMISE

IS ALMOST IN SIGHT ON THE HAMILTON BILL.

Chances for Statehood Greatly Improved—New Mexico and Arizona May Be Eliminated and Statehood Conferred on Oklahoma.

Washington, Feb. 12.—Seventeen of the thirty-one Republicans who voted against sending the statehood bill to conference at the caucus last Friday, sign the petition asking the committee on territories to send the bill to conference and agreeing to stand by the action of the house conference. It is expected that the remaining sixteen will sign the petition tomorrow and that the bill will go to conference Wednesday.

Delegate McGuire this morning had a conference with Speaker Cannon and Representative Dalsell, ranking members of the committee on rules. Delegate McGuire made a strong plea to Speaker Dalsell to admit Oklahoma and Indian Territories as the state of Oklahoma in the event the senate would not accept the provision for one state for Arizona and New Mexico. The speaker remarked that as the senate would not accept Arizona and New Mexico this might be done.

The conclusion drawn from the speaker's remark is that leading members of the house will, if necessary, abandon Arizona and New Mexico and admit Oklahoma now. Delegate McGuire is leaving no stone unturned to get the bill into conference and to secure some agreement that will at least admit the proposed state of Oklahoma.

Judge Dickerson, District Attorney Johnson and his assistants have gone to Ada where the criminal docket will be tried.

The term at Ada will last four weeks. It is said that quite a number of prominent citizens of that town have been indicted for violations of the liquor law and they are greatly exercised over their cases.

The first two days will be devoted to whisky cases and misdemeanors.

Chancellor Commander Saltsbury of the local lodge K. of P. is in receipt of a communication from Chas. A. Barnes, supreme vice-chancellor of the order, announcing that he will be present on the occasion of the big district convention to be held here on the 16th instant. This announcement will be received with great pleasure and rejoicing among the local fraternity. Mr. Barnes is a national officer, and one of the big men, so to speak, of the Knights of Pythias. He will reach Ardmore the morning of the 16th and will be met by a delegation of prominent citizens and escorted to the hotel. That Vice-Chancellor Barnes will be well entertained goes without saying. Hundreds of visiting Knights will be here for the convention and indications are that the meeting will be one of the greatest ever held in the Southwest.

## COLEMAN POSTOFFICE ROBBED.

Burglars Get \$700 in Cash and Stamps From Albright Store.

R. E. Albright, a merchant at Coleman, a mining town on the Ardmore division of the Choctaw, came in today and reported the robbery of his store and the government postoffice at Coleman this morning at 2:30 o'clock.

The burglars gained entrance to the store by forcing the front door with railroad tools. The safe was blown with nitro glycerine. From the post-office department \$200 in stamps and money was taken. The loss to Mr. Albright is about \$500 in cash. Over \$2500 in checks were left undisturbed.

Three men seen earlier in the day are suspected but no clew has been found to their identity.

An hour before the robbery a stranger attempted to decoy the bookkeeper to the store under pretense of making a purchase. His effort failed.—Capital.
